Notes:

Songwheels can and will travel with their own mixer, instruments, microphones, PA, and monitor system, which will accommodate small to medium-sized venues

If no lighting tech is available, Songwheels can and will operate their own lighting system from the keyboard station.

Venue will provide access to a common 15 amp circuit, aka a typical power outlet

Songwheels will take advantage of any access to video screens to display QR codes that encourage active participation in the show

We ask for access to venue approximately 3 hours before doors to allow adequate time for set-up and sound check
